

We are pleased to announce that we are moving to 401 Bishop Drive in the Spring of 2012 (exact date to be announced)

Please note this in your calendar and once we are relocated we'll be having a celebration as an "**Open House**", so look for your invitation! Meanwhile it's business as usual at our existing office and we will keep you well informed as the date approaches.

You may wish to watch the building develop as it's now under construction – in between the Value Village and Kia Motors on Bishop Drive. Please see updates at www.drsmyth.com

We have planned for more treatment rooms, new equipment, easy accessibility and better parking. Everything will be the same except for a new location.

Dr. Roxborough and Dr. Hunter are moving with us. Change of location, brings a change of name, so the new office will be called "YORK DENTAL" and all of our logos / ads will reflect this new name.

We are all looking forward to the changes!

401 Bishop Drive, Fredericton, NB

Thank you,
Dr. Andrew Smyth and Staff
